

Finlay's Jams

Confectionary Jams

The Finlay range of full fruit and fruit flavoured confectionary jams are manufactured with great taste and performance in mind. We only use the best tasting fruit that gives your cakes both great flavour and colour.

Enjoy traditional everyday favourites such as Seedless Mixed Fruit or Apple & Raspberry, and taste the difference. Our industrial fruit jams are both smooth and easy to spread. All our jams are suitable for all confectionary applications such as doughnuts, scones and baked jam tarts.

High Fruit Jams

We produce a range of high fruit jams that are packed full of quality fruit and are available in a variety of colour and flavour combinations. We also produce to order (subject to minimum order) a range of individual jams such as Apple Jam and Lemon Jam etc.

Advantages

Wide range of flavours
Available in natural flavours and colours
